

BOXES and PACKING SUPPLIES

TWO MEN AND A TRUCK® offers a wide selection of reasonably-priced boxes and packing supplies including tape, packing paper, markers, pads, bubble wrap and more. You will receive a full refund for any unused boxes so you may want to purchase a few more than you initially think you'll need.

Common Packing Supply Errors

Sometimes, in an effort to save money, people attempt to re-use produce boxes and/or supplies they have around the house. Beware! Produce boxes are often weakened from moisture during transportation or from product spoilage. Additionally, they can harbor insects that might infect your new dwelling. Another common packing error is to use duct tape on boxes rather than packing tape. Duct tape does not adhere well to corrugated cardboard and, oftentimes, the contents of the box will fall through the bottom.

Packing Supplies Guide

Prices Subject to change and do not include sales tax.
